

LUCAS DAVÉE GUIMARÃES LLERENA

AI Product Engineer

Rio de Janeiro, Brazil (GMT-3) · French & Brazilian citizen — authorized to work in the EU and Brazil
llerenalucas@gmail.com · +55 21 97673-1891 · github.com/LucasLlerena
French (native) · Portuguese (native) · English (C1, certified) · Spanish (fluent)

SUMMARY

AI Product Engineer with a business-management background: 10+ years leading operations, teams and R\$2M+ budgets — now building and shipping commercial AI products end-to-end. Sole builder of two revenue-generating products (SaaS + desktop), covering licensing infrastructure, LLM integration, security and distribution. Rare hybrid: talks to customers, understands the business problem, then ships the code.

EXPERIENCE

Founder & Product Engineer

2026 – Present

Independent — ListPro · RadarGov

- Built ListPro, an AI listing-generation SaaS for Brazilian marketplaces (Mercado Livre, Shopee, Amazon): Flask backend, server-side LLM proxy (API keys never leave the server), RS256 hardware-bound license system, PyInstaller distribution, deployed on Railway. First commercial client in paid trial.
- Built RadarGov, a desktop app monitoring government procurement tenders via public APIs (PNCP/TCE-RJ), sold as a monthly license: pywebview UI, licensing server on Render + PostgreSQL (Neon), signed offline cache, auto-update system.
- Built 4 autonomous AI agent pipelines — video editing with local Whisper + ffmpeg (open source: github.com/LucasLlerena/video-edit-agent), e-commerce research, content generation — orchestrated with Claude; the video pipeline cuts raw footage runtime 44% automatically.

Stack: Python, Flask, PostgreSQL, SQLite, JWT/RS256, LLM APIs (Claude, Llama), PyInstaller, ffmpeg, Whisper, Railway, Render, Git.

Operations Manager

2024 – 2026

São João Farm (coffee production) — Minas Gerais, Brazil

- Ran full operations of a mid-size coffee farm: field teams, production logistics, KPI system implementation; cut operational waste 15%.

Futures Trader — Funded Accounts

2021 – 2024

Topstep · Apex · Lucid · TakeProfit (remote)

- Traded firm capital under strict drawdown rules; \$30K+ in verified payouts across 4 funding firms. Data-driven risk management and decision-making under pressure.

HR Executive Assistant (Internship)

2019 – 2020

PSA Peugeot Citroën — Latin America HQ

- Direct support to the LATAM HR Director: executive reporting, recruitment processes, corporate events.

Administrative Manager

2014 – 2018

Fazenda São João do Vale da Grama (hospitality) — Resende, RJ

- Managed finances and staff of a rural hospitality business; R\$2M+ annual budget; reduced operational costs 15%.

International Sales — Merchandising

2011 – 2013

Rock in Rio — Brazil · Portugal · Spain

- High-volume customer-facing sales across three countries with multicultural teams.

EDUCATION & CERTIFICATIONS

- B.A. Business Administration — Universidade Dom Bosco (2017–2020)
- English C1 — The English Studio · Business Excellence (250h) — SEBRAE · AMF Certification (Finance, France) — in progress, 2026
